“Gas Outage Update”

Dear neighbors,

The Westview Taskforce will be meeting with RY Management next Tuesday, May 10th to discuss the “Gas Outage” plan, tenants concerns, rights and alternatives. Our goals are to understand the reasons why this is being done and come up with a less intrusive plan.

We will communicate the results of this meeting immediately following the meeting.

As usual, we will post updates on our Website as well as in the billboards in both the 595/625 lobby’s.

For the latest information regarding Westview or to contact the Taskforce go to ...
