

👉 PS/IS 217 SCHOOL 👉  
👉 ROOFING TAR INSTALLATION 👉

**Monday June 4<sup>th</sup>  
Starting around 7:00pm**

This work is scheduled to take **several nights!**

- The School Construction Authority Senior Project Officer contacted the Westview Taskforce and informed us that all the permits are in place and that the PS/IS 217 roofing tar installation will start on Monday night, June 4<sup>th</sup> at around 7 PM.
- Westview Tenants can expect an “**acrid and potentially nauseating odor**” present during the installation. How much of the building will be affected depends on the winds and the length of time of the installation.
- Tenants with respiratory issues should take extra precaution.
